

REMARKS

Claims 41-60 are pending in this application. Applicant has cancelled Claims 21-40, without prejudice, and Applicant has added new Claims 41-60. Applicant respectfully submits that the new Claims 41-60 do not contain new matter. Applicant further respectfully submits that the amendments to the Claims do not contain new matter.

Applicant has also deleted the Abstract Of The Disclosure and has substituted therefor the new Abstract Of The Disclosure which is attached hereto on a separate sheet. Applicant respectfully submits that the new Abstract Of The Disclosure does not contain new matter.

Based on the foregoing amendments and the following Remarks, the application is deemed to be in condition for allowance and action to that end is respectfully requested.

I. DEFINITIONS:

Applicant uses the phrase "at least one of . . . and . . ." in the claims. In all instances, the phrase "at least one of . . . and . . ." means only one item from the list, or any combination of items in the list.

Applicant respectfully submits that the phrase having the form "at least one of A and B", where each of A and B is either a term or a phrase, the phrase "at least one of A and B" means "only A, only B, or A and B". In instances in which three or more terms and/or phrases are present in an "at least one of . . . and . . ." phrase, Applicant provides the following example definitions: the phrase "at least one of A, B, and C" means "only A, only B, only C, or any combination of A, B, and C"; the phrase "at least one of A, B, C, and D" means "only A, only B, only C, only D, or any combination of A, B, C, and D"; the phrase "at least one of A, B, C, D, and E" means "only A, only B, only C, only D, only E, or any combination of A, B, C, D, and E", and so on.

Regarding independent Claims 41 and 55, the phrase "at least one of an advertisement space, an advertisement rate, a commission, a referral fee, and a term or condition of an

advertisement offering" means "only an advertisement space, only an advertisement rate, only a commission, only a referral fee, only a term or condition of an advertisement offering, or any combination of an advertisement space, an advertisement rate, a commission, a referral fee, and a term or condition of an advertisement offering".

II. THE 35 U.S.C. §103 REJECTIONS:

In the Office Action, mailed May 6, 2004, the Examiner rejected Claims 1-20 under 35 U.S.C. §103(a) as being unpatentable over Ross, Jr., et al, U.S. Patent No. 6,629,135 (Ross). In the Amendment and Response to Office Action, filed July 24, 2004, Applicant cancelled Claims 1-20, without prejudice, and Applicant added new Claims 21-40. As noted above, in this SUPPLEMENTAL AMENDMENT AND REPLY TO OFFICE COMMUNICATION MAILED NOVEMBER 3, 2004, Applicant has cancelled Claims 21-40, without prejudice, and Applicant has added new Claims 41-60. Applicant respectfully submits that the new Claims 41-60 do not contain new matter.

Applicant respectfully submits that the present invention, as defined by Claims 41-60, is patentable over the prior art.

IIA. THE PRESENT INVENTION, AS DEFINED BY CLAIMS 41-54, IS PATENTABLE OVER THE PRIOR ART:

Applicant respectfully submits that the present invention, as defined by Claims 41-54, is patentable over the prior art.

IIA(1). CLAIM 41 IS PATENTABLE OVER THE PRIOR ART:

Applicant respectfully submits that the present invention, as defined by independent Claim 41, is patentable over the prior art.

Applicant respectfully submits that the present invention, as defined by independent Claim 41, is patentable over Ross. Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of independent Claim 41 and, therefore, Ross does not disclose or suggest all of the features of independent Claim 41.

Applicant respectfully submits that Ross does not disclose or suggest an apparatus, comprising a database, wherein the database stores information regarding at least one of an advertisement space, an advertisement rate, a commission, a referral fee, and a term or condition of an

advertisement offering, offered by at least one content provider, and information for establishing an affiliated marketing relationship with the at least one content provider, and a receiver, wherein the receiver receives a query regarding an available at least one of an advertisement space, an advertisement rate, a commission, a referral fee, and a term or condition of an advertisement offering, offered by at least one content provider, wherein the query is transmitted from a communication device or computer associated with a merchant, all of which features are specifically recited features of independent Claim 41.

Applicant respectfully submits that Ross does not disclose or suggest the recited query regarding an available at least one of an advertisement space, an advertisement rate, a commission, a referral fee, and a term or condition of an advertisement offering, offered by at least one content provider. Applicant further submits that Ross does not disclose or suggest the recited receiver which receives the recited query. Applicant further submits that Ross does not disclose or suggest the recited query being transmitted from a communication device or computer associated with a merchant.

Applicant further submits that Ross does not disclose or suggest a processing device, wherein the processing device processes the query and generates a message in response to the query, wherein the message includes information regarding at least one of an advertisement space, an advertisement rate, a commission, a referral fee, and a term or condition of an advertisement offering, offered by at least one content provider, and a transmitter, wherein the transmitter transmits the message to the communication device or computer associated with the merchant in response to the query, all of which features are still other specifically recited features of independent Claim 41.

Applicant respectfully submits that Ross does not disclose or suggest the recited query. Applicant further respectfully submits that Ross does not disclose or suggest the recited processing device which processes the recited query and which generates a message in response to the recited query. Applicant further submits that Ross does not disclose or suggest the recited transmitter which transmits the recited message to the communication device or computer associated with the merchant.

In view of the foregoing, Applicant respectfully

submits that Ross does not disclose or suggest many of the specifically recited features of independent Claim 41 and, therefore, Ross does not disclose or suggest all of the features of independent Claim 41.

In view of the foregoing, Applicant respectfully submits that the present invention, as defined by independent Claim 41, is patentable over Ross. In view of the foregoing, Applicant respectfully submits that the present invention, as defined by independent Claim 41, is patentable over the prior art. Allowance of independent Claim 41 is, therefore, respectfully requested.

IIA(2). CLAIM 42 IS PATENTABLE OVER THE PRIOR ART:

Applicant respectfully submits that the present invention, as defined by Claim 42, is patentable over the prior art. Applicant respectfully submits that the present invention, as defined by Claim 42, is patentable over Ross. Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 42 and, therefore, Ross does not disclose or suggest all of the features of Claim 42.

Claim 42 depends from independent Claim 41. Claim 42, therefore, incorporates all of the features of independent Claim 41. As noted above, Applicant respectfully submits that independent Claim 41 is patentable over Ross. Applicant further respectfully submits that Claim 42 is patentable over Ross.

Applicant submits that Ross does not disclose or suggest many of the specifically recited features of Claim 42. Applicant incorporates by reference herein the arguments provided above in Section IIA(1), regarding the patentability of independent Claim 41 over Ross, as if fully restated herein. Applicant further respectfully submits that Ross does not disclose or suggest the apparatus of Claim 41, wherein the processing device processes information regarding a purchase by the merchant of advertisement space or advertisement services of the at least one content provider and an establishment of an affiliated marketing relationship between the merchant and the at least one content provider, all of which features are specifically recited features of Claim 42.

In view of the foregoing, Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 42 and, therefore, Ross

does not disclose or suggest all of the features of Claim 42. In view of the foregoing, Applicant respectfully submits that Claim 42 is not rendered unpatentable by Ross. In view of the foregoing, Applicant respectfully submits that Claim 42 is patentable over Ross. Applicant further respectfully submits that Claim 42 is patentable over the prior art. Allowance of Claim 42 is, therefore, respectfully requested.

IIA(3). CLAIM 43 IS PATENTABLE OVER THE PRIOR ART:

Applicant respectfully submits that the present invention, as defined by Claim 43, is patentable over the prior art. Applicant respectfully submits that the present invention, as defined by Claim 43, is patentable over Ross. Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 43 and, therefore, Ross does not disclose or suggest all of the features of Claim 43

Claim 43 depends from independent Claim 41. Claim 43, therefore, incorporates all of the features of independent Claim 41. As noted above, Applicant respectfully submits that independent Claim 41 is patentable over Ross. Applicant

further respectfully submits that Claim 43 is patentable over Ross.

Applicant submits that Ross does not disclose or suggest many of the specifically recited features of Claim 43. Applicant incorporates by reference herein the arguments provided above in Section IIA(1), regarding the patentability of independent Claim 41 over Ross, as if fully restated herein. Applicant further respectfully submits that Ross does not disclose or suggest the apparatus of Claim 41, wherein the processing device processes information regarding a bid by the merchant for an advertisement space or an advertisement service offered by the at least one content provider, all of which features are specifically recited features of Claim 43.

In view of the foregoing, Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 43 and, therefore, Ross does not disclose or suggest all of the features of Claim 43. In view of the foregoing, Applicant respectfully submits that Claim 43 is not rendered unpatentable by Ross. In view of the foregoing, Applicant respectfully submits that Claim 43 is patentable over Ross. Applicant further respectfully submits

that Claim 43 is patentable over the prior art. Allowance of Claim 43 is, therefore, respectfully requested.

IIA(4). CLAIM 44 IS PATENTABLE OVER THE PRIOR ART:

Applicant respectfully submits that the present invention, as defined by Claim 44, is patentable over the prior art. Applicant respectfully submits that the present invention, as defined by Claim 44, is patentable over Ross. Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 44 and, therefore, Ross does not disclose or suggest all of the features of Claim 44.

Claim 44 depends from independent Claim 41. Claim 44, therefore, incorporates all of the features of independent Claim 41. As noted above, Applicant respectfully submits that independent Claim 41 is patentable over Ross. Applicant further respectfully submits that Claim 44 is patentable over Ross.

Applicant submits that Ross does not disclose or suggest many of the specifically recited features of Claim 44. Applicant incorporates by reference herein the arguments

provided above in Section IIA(1), regarding the patentability of independent Claim 41 over Ross, as if fully restated herein. Applicant further respectfully submits that Ross does not disclose or suggest the apparatus of Claim 41, wherein the processing device processes information regarding an auctioning of an advertisement space or advertisement service offered by the at least one content provider, all of which features are specifically recited features of Claim 44.

In view of the foregoing, Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 44 and, therefore, Ross does not disclose or suggest all of the features of Claim 44. In view of the foregoing, Applicant respectfully submits that Claim 44 is not rendered unpatentable by Ross. In view of the foregoing, Applicant respectfully submits that Claim 44 is patentable over Ross. Applicant further respectfully submits that Claim 44 is patentable over the prior art. Allowance of Claim 44 is, therefore, respectfully requested.

IIA(5). CLAIM 45 IS PATENTABLE OVER THE PRIOR ART:

Applicant respectfully submits that the present invention, as defined by Claim 45, is patentable over the prior art. Applicant respectfully submits that the present invention, as defined by Claim 45, is patentable over Ross. Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 45 and, therefore, Ross does not disclose or suggest all of the features of Claim 45.

Claim 45 depends from Claim 42, which Claim 42, in turn, depends from independent Claim 41. Claim 45, therefore, incorporates all of the features of independent Claim 41 and all of the features of Claim 42. As noted above, Applicant respectfully submits that independent Claim 41 and Claim 42 are patentable over Ross. Applicant further respectfully submits that Claim 45 is patentable over Ross.

Applicant submits that Ross does not disclose or suggest many of the specifically recited features of Claim 45. Applicant incorporates by reference herein the arguments provided above in Sections IIA(1) and IIA(2), regarding the patentability of independent Claim 41 and Claim 42,

respectively, over Ross, as if fully restated herein.

Applicant further respectfully submits that Ross does not disclose or suggest the apparatus of Claim 42, wherein the database further comprises advertisement information associated with the merchant, and further wherein the transmitter transmits the advertisement information associated with the merchant to a computer associated with the at least one content provider, all of which features are specifically recited features of Claim 45.

In view of the foregoing, Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 45 and, therefore, Ross does not disclose or suggest all of the features of Claim 45. In view of the foregoing, Applicant respectfully submits that Claim 45 is not rendered unpatentable by Ross. In view of the foregoing, Applicant respectfully submits that Claim 45 is patentable over Ross. Applicant further respectfully submits that Claim 45 is patentable over the prior art. Allowance of Claim 45 is, therefore, respectfully requested.

IIA(6). CLAIM 46 IS PATENTABLE OVER THE PRIOR ART:

Applicant respectfully submits that the present invention, as defined by Claim 46, is patentable over the prior art. Applicant respectfully submits that the present invention, as defined by Claim 46, is patentable over Ross. Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 46 and, therefore, Ross does not disclose or suggest all of the features of Claim 46.

Claim 46 depends from Claim 42, which Claim 42, in turn, depends from independent Claim 41. Claim 46, therefore, incorporates all of the features of independent Claim 41 and all of the features of Claim 42. As noted above, Applicant respectfully submits that independent Claim 41 and Claim 42 are patentable over Ross. Applicant further respectfully submits that Claim 46 is patentable over Ross.

Applicant submits that Ross does not disclose or suggest many of the specifically recited features of Claim 46. Applicant incorporates by reference herein the arguments provided above in Sections IIA(1) and IIA(2), regarding the patentability of independent Claim 41 and Claim 42,

respectively, over Ross, as if fully restated herein.

Applicant further respectfully submits that Ross does not disclose or suggest the apparatus of Claim 42, wherein the processing device calculates a commission or a referral fee due to a content provider under the affiliated marketing relationship, all of which features are specifically recited features of Claim 46.

In view of the foregoing, Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 46 and, therefore, Ross does not disclose or suggest all of the features of Claim 46.

In view of the foregoing, Applicant respectfully submits that Claim 46 is not rendered unpatentable by Ross. In view of the foregoing, Applicant respectfully submits that Claim 46 is patentable over Ross. Applicant further respectfully submits that Claim 46 is patentable over the prior art. Allowance of Claim 46 is, therefore, respectfully requested.

IIA(7). CLAIM 47 IS PATENTABLE OVER THE PRIOR ART:

Applicant respectfully submits that the present invention, as defined by Claim 47, is patentable over the prior art. Applicant respectfully submits that the present

invention, as defined by Claim 47, is patentable over Ross. Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 47 and, therefore, Ross does not disclose or suggest all of the features of Claim 47.

Claim 47 depends from independent Claim 41. Claim 47, therefore, incorporates all of the features of independent Claim 41. As noted above, Applicant respectfully submits that independent Claim 41 is patentable over Ross. Applicant further respectfully submits that Claim 47 is patentable over Ross.

Applicant submits that Ross does not disclose or suggest many of the specifically recited features of Claim 47. Applicant incorporates by reference herein the arguments provided above in Section IIA(1), regarding the patentability of independent Claim 41 over Ross, as if fully restated herein. Applicant further respectfully submits that Ross does not disclose or suggest the apparatus of Claim 41, wherein the message includes information regarding at least one of a past success rate of an advertisement and a success rate of the at least one content provider, all of which features are specifically recited features of Claim 47.

In view of the foregoing, Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 47 and, therefore, Ross does not disclose or suggest all of the features of Claim 47. In view of the foregoing, Applicant respectfully submits that Claim 47 is not rendered unpatentable by Ross. In view of the foregoing, Applicant respectfully submits that Claim 47 is patentable over Ross. Applicant further respectfully submits that Claim 47 is patentable over the prior art. Allowance of Claim 47 is, therefore, respectfully requested.

IIA(8). CLAIM 48 IS PATENTABLE OVER THE PRIOR ART:

Applicant respectfully submits that the present invention, as defined by Claim 48, is patentable over the prior art. Applicant respectfully submits that the present invention, as defined by independent Claim 48, is patentable over Ross. Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 48 and, therefore, Ross does not disclose or suggest all of the features of Claim 48.

Claim 48 depends from Claim 42, which Claim 42, in

turn, depends from independent Claim 41. Claim 48, therefore, incorporates all of the features of independent Claim 41 and all of the features of Claim 42. As noted above, Applicant respectfully submits that independent Claim 41 and Claim 42 are patentable over Ross. Applicant further respectfully submits that Claim 48 is patentable over Ross.

Applicant submits that Ross does not disclose or suggest many of the specifically recited features of Claim 48. Applicant incorporates by reference herein the arguments provided above in Sections IIA(1) and IIA(2), regarding the patentability of independent Claim 41 and Claim 42, respectively, over Ross, as if fully restated herein. Applicant further respectfully submits that Ross does not disclose or suggest the apparatus of Claim 42, wherein the processing device processes at least one of information regarding an individual consumer's activities, and web sites or links visited, utilized, or navigated, by the individual consumer in being brought into contact with a computer associated with the merchant, all of which features are specifically recited features of Claim 48.

In view of the foregoing, Applicant respectfully submits that Ross does not disclose or suggest many of the

specifically recited features of Claim 48 and, therefore, Ross does not disclose or suggest all of the features of Claim 48. In view of the foregoing, Applicant respectfully submits that Claim 48 is not rendered unpatentable by Ross. In view of the foregoing, Applicant respectfully submits that Claim 48 is patentable over Ross. Applicant further respectfully submits that Claim 48 is patentable over the prior art. Allowance of Claim 48 is, therefore, respectfully requested.

IIA(9). CLAIM 49 IS PATENTABLE OVER THE PRIOR ART:

Applicant respectfully submits that the present invention, as defined by Claim 49, is patentable over the prior art. Applicant respectfully submits that the present invention, as defined by Claim 49, is patentable over Ross. Applicant respectfully submits that Ross does not disclose or suggest many of the specifically recited features of Claim 49 and, therefore, Ross does not disclose or suggest all of the features of Claim 49.

Claim 49 depends from Claim 42, which Claim 42, in turn, depends from independent Claim 41. Claim 49, therefore, incorporates all of the features of independent Claim 41 and all of the features of Claim 42. As noted above, Applicant

respectfully submits that independent Claim 41 and Claim 42 are patentable over Ross. Applicant further respectfully submits that Claim 49 is patentable over Ross.
